I have followed much of the "tips" since I received the book about 5 weeks ago. As I write this review, my garden has greatly surpassed the progress of past gardens. I now have successfully blooming plants (and some tomatoes) at the end of May nearly a month ahead of what I've had in the past..0 of 0 people found the following review helpful. Hi I felt that your book was wonderful I gave 2 Books to friendsBy gaylefoltzHi I felt that your book was wonderful I gave 2 Books to friends. One was my Pain Dr. and one for myself. one for my Sister-inlaw.I felt the book was very written, I love the tonics I want to try some of them when my plants come in to bloom.I see that your wife name is spelled Gayle that is the way I spell mine the same way.Thank you for writing an excellent book. Keep up the excellent work and I will be watching for your next book in,2016.1 of 1 people found the following review helpful. 1,001 Gardening Secrets reviewBy John A. JamesI have been vegetable gardening for 40 years and thought I pretty well knew all the tricks of the trade. I picked up this book at the local library and was amazed by how much I didn't know about plant care recipes and techniques. Impressed me enough to buy my own copy.

Feed your roses with banana peels!Scare cats out of your yard with coffee grounds and orange peels.Keep cut
