Four StarsBy Christine LeakeJust what I was looking for a fun birthday present for my daughter who had just turned 30!20 of 21 people found the following review helpful. Girly girls grab your power tools.By A CustomerThis book has fun pictures. The style is retro and very tongue in cheek, ala 1950s Good Housekeeping. This book proves that women can do home improvement. It takes the intimidation out of DIY for women with its wonderful layout and attractive presentation. The project instructions are very clear and easy to follow. It covers many projects including hanging cabinets and laying flooring. This would be a cute wedding shower gift or a house warming gift for a single girlfriend.11 of 13 people found the following review helpful. Made everything much easier!By A CustomerI was a bit skeptical at first, but this book made everything look doable. I've been renovating my kitchen without spending any money on outside help. I highly recommend it!
