This book is full of handy, helpful hints from garage storage ideas to senior safety ideas, how to do concrete repairs or fix the old wicker chair. There are even ideas on decorating, home safety, and household emergencies. My husband and I are pretty hand people but this book sure gave me some great ideas, my husband even found a few "why didn't I think of that" ideas. And for the price you can't beat it. 0 of 0 people found the following review helpful. Helpful Tips and Hints for the do it yourselfer ... By B. When the book showed up, it was everything promised in the information provided....enough so....I spent quite a bit of time thumbing through the book and getting my own house hold do it yourself tips before I wrapped it up and put it under the tree.....and the price was really good!
