Russell Chard : 11 Simple Ways to Turn Your Garden Japanese before purchasing it in order to gage whether or not it would be worth my time, and all praised 11 Simple Ways to Turn Your Garden Japanese:

0 of 0 people found the following review helpful. Very helpful information.By jkollI bought this book because I was planning a memorial garden for my wife who passed away this year. This book had a lot of information that was very

useful the garden turned out very well. Luckily the stone (6 tons of crushed white marble) was available locally and the feature boulders)(also white marble) were at a garden center near Annapolis Md,0 of 2 people found the following review helpful. more editing neededBy ChrisThe title is wrong on the title page--garden and Japanese are transposed. Also photos while good are layered over text. I recommend waiting for an updated version.0 of 0 people found the following review helpful. Interesting with plenty of ideasBy Claire PhillipsInteresting reading but not many pictures so you have to use your imagination to conjure up what the author is trying to convey through his words

If you have ever dreamed of having your own calm, tranquil and beautifully designed Japanese garden space at your home then '11 Simple Ways To Turn Your Garden Japanese' will give you some inspiring ideas that won't break the bank. From basic small space gardens to much larger Japanese style gardens this book explains the principles of Japanese garden design, shows you design plans, pictures, gives some very useful tips and all in plain English. Learn the methods of Japanese gardening that stretch back hundreds of years and how to use them with a more contemporary twist. Bridges, edging, Rocks, Stones, Moss, Dry water, Trees, Shrubs, Courtyard gardens are just some of the ways that you can add a touch of Japan to your garden space. Author Russ Chard is an expert on Japanese gardens and has published 3 books and has numerous websites on the subject as well as a weekly newsletter for lovers of Japanese gardens. Landscape designer Tim Sykes shares a full domestic Japanese themed garden design in the book as well.
