**Jenny Delmage, Neil Delmage : 12 Gardens: Creative Designs for the Australian Climate** before purchasing it in order to gage whether or not it would be worth my time, and all praised 12 Gardens: Creative Designs for the Australian Climate:

How do you create and maintain a beautiful yet waterwise garden? Neil and Jenny Delmage have been setting the standard in Australian garden design for more than twenty years, creating sustainable, biodiverse, waterwise - and gorgeous - gardens. Their innovative ideas and tried-and-tested methods produce stunning gardens that fit the natural environment. Vivid photos and beautiful layout combine with useful tips and in-depth advice in this book, to satisfy both the hands-on gardener and the armchair gardener. \*\*\* "The photographs and landscape drawings in this inspiring review of their [Jenny and Neil Delmage] work reveal their talent and environmentally sound design. The projects are diverse in size and themes... All have unique character, originality, and architectural balance. The designers are masterful in their choice of plantings and hardscape." - Current Books on Gardening Botany, Vol. 15, No. 5, Chicago Botanic Garden
