Francesc Zamora : 150 Best of the Best House Ideas before purchasing it in order to gage whether or not it would be worth my time, and all praised 150 Best of the Best House Ideas:

0 of 1 people found the following review helpful. Five StarsBy david wongGreat book. Thanks for the fast delivery.0 of 1 people found the following review helpful. ZERO STARS - Useless Kindle sampleBy M. IngramI have not purchased this book. I checked it out from my local library. I was considering purchasing the Kindle edition for my iPad and was curious about how it was formatted due to its image-heavy layout. It looks like a decision was made, I suppose by the publisher, not to provide anything past the Table of Contents though the printed edition is 480 pages long... In fact, ALL the books in the series are presented this way for Kindle. Useless and disappointing.

Packed with hundreds of pages of beautiful and inspirational color photographs of homes from around the world, a visually stunning resource and guidepart of the successful 150 Best seriesfeaturing the latest in modern home construction and design.A comprehensive collection of single-family houses created by some of the most distinguished international architects and designers, 150 Best of the Best House Ideas showcase the latest trends and various influences on home design. Incorporating the most up-to-date technological advances in construction and material use, these beautiful dwellings, from cottage-style designs to minimalist geometric constructions, are visually appealing, energy-efficient, and have a low environmental impact. This beautiful compilation expresses the diversity of current building trends and provides an inspirational source of ideas for artists, designers, architects, home buyers

and owners, and anyone interested in keeping-up-to-date with contemporary residential architecture.

From the Back Cover Filled with lush full-color photography and detailed floor plans, *150 Best of the Best House Ideas* aims to provide homeowners and designers with an inspirational collection of some of the most beautiful, recently completed homes from around the world. Each of the 150 houses featured in this book offers an inside look into the various aspects of home design and construction, from fulfilling basic necessities to exploring ways to reduce the environmental impact. These houses illustrate how to employ simple techniques to create a home that not only fits your needs and lifestyle but also results in a greatly efficient and aesthetic design. Despite the scale or scope of the projects presented here, homeowners can pick and choose ideas according to their own tastes. Inside, you'll discover an array of contemporary houses that draw on various influences, from the cottage aesthetic to minimalist designs, from modern to geometric constructions. Whether you're looking to purchase a new home or renovate your current house, this in-depth visual resource offers an extensive showcase of houses designed by renowned architects and provides a wealth of ideas on how to maximize the potential of any home.
