Inc. LOFT Publications : 150 Best of the Best Loft Ideas before purchasing it in order to gage whether or not it would be worth my time, and all praised 150 Best of the Best Loft Ideas:

0 of 0 people found the following review helpful. European modern, some interiors too sterile and do not trace back to true loft living interior design.By chiguy312I didn't care for the interior design of the lofts in this book; none of them inspired me. They were very polished and many were European modern interiors To me a loft needs to show a bit of its grungy past, imperfection should be embraced as it adds character. Also some of the lofts in this book were new construction, which to me does not count. I personally prefer a mixture of industrial / mid-century and boho interior design elements in a loft conversion. Some of the interiors in this book were too sterile, not what comes to mind when you think of loft living.

Filled with beautiful full-color photographs and detailed illustrations, an irresistible collection profiling 150 of the latest trends in contemporary loft design.The ultimate resource for designing and decorating loft spaces, 150 Best of the Best Loft Ideas presents 150 stunning lofts constructed and designed by notable architects and designers from around the world. Made popular in the nineteen fifties and sixties in New York City, loftssynonymous with a modern, avant-garde lifestylecontinue to maintain their wide appeal. While loft living once meant converting old industrial warehouses into a warm and inviting living environment, today the style has evolved into an airy, open approach for any modern living space.This compilation highlights the diversity of current trends in loft design and is a source of

creative inspiration for architects, designers, and home owners interested in staying current with the latest in contemporary residential architecture.
