International Code Council : 2006 International Existing Building Code: Code Commentary (International Code Council Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised 2006 International Existing Building Code: Code Commentary (International Code Council Series):

A valuable addition to the popular Code Commentary series from the International Code Council, the 2006 International Existing Building Code: Code Commentary provides comprehensive, clear coverage of the meanings and implications of the regulations contained in the 2006 International Existing Building Code. The book guides readers through the code's text, tables, and figures, following each section with a straightforward commentary that offers

suggestions for applying the code effectively, and the potential consequences of not adhering to it. An invaluable addition to the library of code officials, engineers, architects, inspectors, plans examiners, and contractors, this is also a powerful resource for anyone interested in advancing their knowledge and use of the 2006 IEBC.

About the AuthorICC is a leading organization dedicated to developing a single set of comprehensive, coordinated national model construction codes. To date, 48 U.S. states have adopted various international codes from ICC.
