**Roger Tory McKenny, Margaret Peterson : A Field Guide to Wildflowers of Northeastern and North-Central North America (Pe** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Field Guide to Wildflowers of Northeastern and North-Central North America (Pe:

0 of 0 people found the following review helpful. The bestBy Doris mac DonnellI was replacing one which had gotten lost in a move; It is still the BEST.0 of 0 people found the following review helpful. Five StarsBy Roxanne BakerGreat service. Arrived on time, good copy. Thanks1 of 1 people found the following review helpful. A Golden "Oldie" in wildflower identification booksBy Sharon GreenleeI was totally thrilled to see this exceptional wildflower field guide still in print and hopefully being used by many.My love of wildflower identification began in the Sixties and though I have many other guides, THIS is the ONE I go back to over and again when I want solid identification.Nothing beats the accuracy of these hand-drawn beauties!Sharon Greenlee

12mo, Almost 1300 Species Covered, 1344 Illustrations, pp. 420, A guide to northeastern and north central north american wildflowers; arranged by color form and detail
