I love it.By Barbara KresslerI was replacing this book because I lost my copy . I love it.17 of 17 people found the following review helpful. Great Year Round GardeningBy A CustomerI found this book to be highly helpful for a new gardener. It not only shows combinations, but gives lots of year round tips. A friend brought it to me to browse, I was so impressed I had to buy the book for myself. I also told a few friends - that this is definitely the "1" book you want to have in your gardening library. I can't wait for mine to come, I'm sure my friend is anxious to have hers back.

Integrating four seasonal catalogs, this comprehensive horticultural handbook helps gardeners achieve a beautiful landscape throughout the year, detailing the cultivation and care of plants--trees, shrubs, flowers, groundcovers--for all seasons.
