Anthony Footit : A Gospel of Wild Flowers before purchasing it in order to gage whether or not it would be worth my time, and all praised A Gospel of Wild Flowers:

This work is a thought-provoking portrait of the natural world, written by the former Bishop of Lynn and illustrated by celebrated artist Pat Albeck. Pat presents a beautiful painting of a different wild flower on each spread. Accompanying this is text by the Bishop describing the plant and its practical uses, and then linking the plant and its properties to

aspects of Christian thought and devotion. This is a comforting book that will appeal primarily to mature people with a Christian inclination, but will also be appreciated by nature lovers of all ages. Full of thoughtful stories and insights, this is a gentle and peaceful book, written in a direct, open way that is both soothing and refreshing.
