Good outlineBy Mack ShafferThis is a good book for beginners and for more in depth gardeners that may need a helpful reminder if they haven't grown anything in a year or two.1 of 1 people found the following review helpful. Good for a beginnerBy Edward J. BlotzerI wish the pictures were identified. It gives a good,basic start for anyone just beginning an interest in gardening. Not too many ideas for an advanced gardener. Very easy read. You will have to read more to become a great Gardner.0 of 0 people found the following review helpful. This is a great book.By SunnyI enjoyed this book and learned so much from it. It is very helpful. I recommend this book to beginners and experienced gardeners.

This eBook is a basic guide for beginners who are new to gardening. The aim is to teach you the key elements of gardening and improve your knowledge. From this book, you will learn how to check the soil and dirt. Learn how to plant fruits, herbs and vegetables. The book will also take an in-depth look at all the gardening tools and how they can be used to maintain a perfect garden throughout the year.
