Mike Harding : A Little Book of Gargoyles before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Little Book of Gargoyles:

2 of 2 people found the following review helpful. Not many gargoyles here By posema This is not a great book if you actually want a book of gargoyles. There are very few actual gargoyles in it! It should be titled differently - there are a few in the beginning then the rest are other kinds of carvings and figures carved on buildings. The written information is interesting however. But don't buy it if you are looking like I was for photos of gargoyles. 0 of 0 people found the following review helpful. Not Bad For The Price By Chk Small book overview of gargoyles. Doesn't take long to get through it, some information about the subject that isn't widely known. Worth what I paid for it but not much more. 6 of 16 people found the following review helpful. Insight into Gargoyle History By A Customer I think Gargoyles have always been a little misunderstood, and this book shows them in all their glory. Great pictures!

This series of beautifully produced small books is intended to be an introduction to the often hidden worlds that lie within the great churches and cathedrals of the British Isles, Ireland, and Europe. Mike Harding presents a selection of the most fascinating manifestations of green men, gargoyles, misericords, and stained glass, explaining the background and meaning behind each subject in text and illustrations.

About the Author Mike Harding is the author of *A Guide to Tying North Country Flies* and eight *Little Books for Aurum*, including the perennially successful books on the Green Man and Gargoyles. He is also a high-profile radio presenter with his weekly folk music show on BBC Radio 2, and hosts the annual BBC Folk Awards. He lives in West Yorkshire.
