Theodore James, Ted, Jr. James, Harry Haralambou : A Year in the Garden: Four Seasons of Texture, Color, and Beauty before purchasing it in order to gage whether or not it would be worth my time, and all praised A Year in the Garden: Four Seasons of Texture, Color, and Beauty:

0 of 0 people found the following review helpful. Wow! An A+ winner all the way.By BertA stunning book: beautifully written and exquisitely photographed. This is a gardener who knows his plants, and is totally in tune with the seasons. A wonderful volume just to read and enjoy, but also to learn a thing or two.7 of 7 people found the following review helpful. Beautiful - lots of good information tooBy Debbie RodgersA really lovely book - but not just photos. There's lots of good solid gardening info here too. I particularly appreciate the bloom-time schedules for the spring - I never can keep those different tulip types straight!

Americans today hunger for a return to the comfort and loveliness of hearth, home, and garden. With A Year in the Garden they can find that all year-round. This exquisite visual study of the home garden's seasonal evolution, stands alone in its balance of design, practicality, and cultural roots. Its anecdotal text and hands-on guidance to seasonal plant, color, and texture combinations are peppered with the history-from Tuscan to English-of this overarching approach. Veteran or novice, active gardener or aficionado can reach at any time for this key to all of nature's glorious variety-season after season.

About the Author Ted James Jr.'s critically acclaimed books on gardening and landscape design include *Country Gardening*. Harry Haralambou's garden photographs have won numerous awards.
