Myrtle Stedman : Adobe Fireplaces before purchasing it in order to gage whether or not it would be worth my time, and all praised Adobe Fireplaces:

4 of 4 people found the following review helpful. Adobe FireplacesBy Dottie DrakeThis was one of the more helpful books I have read on adobe fireplaces. I have had a hard time finding books on this topic, and when I do, they are usually not of much help in the matter. This book on the other hand explained, very well, what I will need and how I should do it.
