J.W. Courter : Aladdin - The Magic Name in Lamps - Aladdin Kerosene Mantle Lamps, Aladdin Electric Lamps, Alacite By Aladdin before purchasing it in order to gage whether or not it would be worth my time, and all praised Aladdin - The Magic Name in Lamps - Aladdin Kerosene Mantle Lamps, Aladdin Electric Lamps, Alacite By Aladdin:

0 of 0 people found the following review helpful. J.W. Courter's FIRST book on Aladdin lamps -- includes both Electric and Aladdin Kerosene Mantle LampsBy majormusiclover This is the FIRST book J.W. Courter wrote on the subject of Aladdin lamps.Copyrighted and released in 1971, and published by Wallace-Homestead Co. Des Moines, Iowa.(Updated and divided electric (1987) and kerosene (1997) categories into two separate books.Comments below for those)Courter presents here an informative amount of information on both kerosene and electric lamps.The author conveys all known facets and varieties of Aladdinto the point of this books publication in 1971.Courter first relates the vision of founder Victor Samuel Johnson, to improve the mantle lamp.Some history of the beginning of the company is given.1. Metal Kerosene models are shown, the model # an date for that number is listed.2. Shown in color photos are the glass kerosene lamps.3. Florentine lamp vases, and velvex are shown.4. A variety of alacite glass dishes and smoking items are shown.5. Large, full size drawings of every part of the kerosene burners are included.6. Lamps of many varieties both electric and kerosene are here.7. A large assortment of shades of all kinds are shownin the many black white reprints of catalog brochures.Covered are examples of shades for electric and kerosene lamps,made from

glass, parchment and Whip-o-lite.8. Directions on the proper lighting of the kerosene mantle lamp is shown. The size of this book is 8 3/4" W - x 11 1/4" T - x 3/4" T, hardback. In other words, the same size as his other books you see, that are pictured.~~~ The front cover of this book pictures BOTH electric and kerosene mantle lamps, and a bowl cover of this book pictures ONLY electric lamps
