Jan Midgley : All About Tennessee Wildflowers before purchasing it in order to gage whether or not it would be worth my time, and all praised All About Tennessee Wildflowers:

0 of 0 people found the following review helpful. LackingBy customer of the weekI have many wildflower books. I wanted something more comprehensive. This isn't it.3 of 4 people found the following review helpful. Great book!By Home in TennesseeI first went to the library to find books on Tennessee wildflowers. When it was time to turn in the books, this is the book I had trouble giving back. So, I bought it! This book has great pictures for easy identification and is easy to understand. When you are ready, it tells how to collect, store and plant wildflower seeds from plants you find.
