Out of all of the books he looked at this was his favorite one and so I ordered it for himBy RagaMy husband first checked this book out from the Library along with several other books to research how to build a deck. Out of all of the books he looked at this was his favorite one and so I ordered it for him. I'm sure he will use it a lot when building our new entry deck. Would recommend it to others getting ready to do that type of project.0 of 0 people found the following review helpful. Four StarsBy Richard WellLots of good information
