Morrison H. Heckscher, Leslie Greene Bowman : American Rococo, 1750-1775: Elegance in Ornament before purchasing it in order to gage whether or not it would be worth my time, and all praised American Rococo, 1750-1775: Elegance in Ornament:

3 of 3 people found the following review helpful. beautifully illustrated book on a fascinating period in the history ...By Scott "American Rococo, 1750-1775" is an interesting, beautifully illustrated book on a fascinating period in the history of American design. Well written, informative chapters deal with silver, trade printing, furniture, architectural and decorative carving, and other disciplines. I've enjoyed this book for years, and still am pleased to own it. For people who are interested in American art, craft, and design from the mid-18th century, it is well worth seeking out. 1 of 14 people found the following review helpful. What are your reasons for buying the book? By Robert J. Walsh If you are a historian, this book is for you. If you are an artist, this is not the book for you.

The rococo style was among the primary artistic contributions of the eighteenth century. Its manifestations throughout Europe have been comprehensively acknowledged and chronicled, but its influence in America, where it was probably the century's crowning design achievement (commonly referred to as the Chippendale style), had never been thoroughly examined. It was a lavish taste that found surprisingly fertile ground in the colonies, where affluent members of society, rejoicing in their hard-won prosperity, strove to adopt London fashions. The exhibition,

"American Rococo, 1750-1775: Elegance in Ornament" was organized by The Metropolitan Museum of Art and the Los Angeles County Museum of Art, the latter's motivations emanating from the desire to bring an exhibition of American Chippendale furniture to a city where such objects have always been in short supply. The book includes chapters on European origins and the American manifestations of the rococo, a brief discussion of firearms, and architecture, and medium-based explorations of objects made of paper, silver, wood, iron, glass, and ceramic. [This book was originally published in 1992 and has gone out of print. This edition is a print-on-demand version of the original book.]

About the Author Morrison H. Heckscher is Lawrence A. Fleischman Chairman of the American Wing of The Metropolitan Museum of Art.
