The photography is outstanding; the descriptions of roses intense yet easily understood, and the added features on various rose breeders and their histories are so helpful. The introduction directs the reader on how to use the book to best advantage. Yes, a marvelous book, this first edition of The American Rose Society.0 of 0 people found the following review helpful. Great!By B. DiJakWonderful color photos and lots of great information for anyone who loves roses.1 of 1 people found the following review helpful. American Rose Society EncyclopediaBy JrobI was very satisfied with the American Rose Society

Encyclopedia of Roses. It has big pages with big pictures and information on various types of roses.
