A GEM OF STYLE AND TASTEBy CustomerThis is a beautiful book - The photography is incredible - with a loving attention to details. I wanted to move back out west immediately -but the selections of

homes goes beyond cliché and classic western rustic design to show a much more diverse palate. Wonderful book and great look at over and over again

Named one of "The 14 Best Home Design Books of 2015" from AD.com (Architectural Digest 2015-12-15) From the Inside Flap American Rustic gives readers an intimate look at rustic decorating and architecture, presenting a fresh, contemporary take brought to life by the genre's foremost designers. Showcasing homes from coast to coast, American Rustic reveals New York farms, Santa Fe casitas, an equestrian ranch on the Yellowstone River, a secretly high-tech Montana cabin, and of course a number of mountain homes, each tailored to the unique area and climate it inhabits, exhibiting Rustic architecture's primary inspiration and concern: a strong sense of place. Each space is consistently highly original and meticulously crafted, thoughtfully conceived, sensitively sited and beautifully executed. Exquisite photography and expert discussion open windows into dream retreats that fulfill a yearning for a simpler life in a chaotic world.
