Margaret Maliszewski-Pickart : Architecture and Ornament: An Illustrated Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Architecture and Ornament: An Illustrated Dictionary:

0 of 1 people found the following review helpful. Five StarsBy Maria Kontopodiamazing reference.4 of 5 people found the following review helpful. Useful book!By A CustomerVery useful when writing architectural descriptions of building exteriors. Photographs of buildings, a fairly complete dictionary of architectural terminology, and examples of descriptions are helpful, also.

For architects, historians, preservationists, students or homeowners, this richly illustrated two-part dictionary makes it easy to identify a specific architectural detail even if you have no idea what the technical term for it is.
