Oscar Riera Ojeda, James McCown : Architecture in Detail: Colors before purchasing it in order to gauge whether or not it would be worth my time, and all praised Architecture in Detail: Colors:

0 of 0 people found the following review helpful. Explores the work of top architects and interior designers By Midwest Book Review The third volume in the "Architecture in Detail" series, Colors: Architecture in Detail explores the work of top architects and interior designers working today. Especially focusing on the form/color duality, Colors is filled cover to cover with beautiful photographs illustrating rooms and exteriors based around the impact of various colors: white, black, red, blue, yellow, brown, gray, green, and polychrome. Paragraph highlights draw attention to specific details, but the majority of Colors focuses squarely upon the almost dreamlike images themselves. A truly captivating volume simply to page through. 0 of 0 people found the following review helpful. Architecture in detail: Colors By Ana Paula Calle Unfortunately I have never received this book. What has happened with the shipment? My address is: FASTWEB, Ana Paula Calle Via Paolo Veronese 25210148, Torino Italy

Architecture in Detail: Colors examines how color plays a role in even the most upscale architectural designs. The

series itself examines the role of details in contemporary architecture through the work of many emerging and established practitioners whose projects speak sensitively and energetically on a small scale. Color is just another one of those details architects use to put their own

About the Author Oscar Riera Ojeda is an editor and designer. He is the creator of many architectural books including the Single Building series, Ten Houses series, Contemporary World Architects series, and Architecture in Detail. He lives in Philadelphia, PA
