**Gary J Taylor : Are You Safe: An Easy Guide to Home Protection and Personal Safety** before purchasing it in order to gage whether or not it would be worth my time, and all praised Are You Safe: An Easy Guide to Home Protection and Personal Safety:

0 of 0 people found the following review helpful. Clear, simple suggestions and solutions on how to remain safe in your home from a 20+ year veteran of law enforcementBy AntonioThis book provides clear, simple suggestions and

solutions on how to remain safe in your home and in the world, from a 20+ year veteran of law enforcement. The tone is clear and often humorous, and color photographs illustrate his points effectively. He is able to raise awareness without creating fear, and provides numerous remedies that people can take to immediately make themselves and their property safer with just a quick change of focus and attention. He also provides other tips that can be implemented with a minimum of time, effort, and money. Its common sense advice from an expert, and is useful for anyone interested protecting themselves. After reading it, I made sure everyone in my family read it, too. Highly recommended.

This is an easy to read step-by-step guide for providing tips on protecting your home from being targeted by criminals and yourself from being a victim of a crime.
