Many different obscure artists are featured throughout but that makes the book all the more charming. I'm happy with the purchase overall but it's not a fantastic. Not as much eye candy as I had hoped for. 0 of 3 people found the following review helpful. Poor Shipping By Janice Shannon I was pleased with the book and it arrived quickly enough but the shipping method was extremely poor. It was not boxed or even mailed in a padded mailing envelope. It was simply covered with the paper from a grocery bag and as a result the book did not travel well. The edges were frayed and this was especially upsetting since it was to be a gift. I have been ordering books from .com for quite a while and have always been extremely pleased with the shipping. The books have always been boxed and arrived in excellent condition. Not so this time. I was VERY displeased with the way the individual sent this book. In the past the books always came directly from .com. In the future I would be hesitant to order a book knowing an

individual was sending it. 9 of 10 people found the following review helpful. An amazing showcase of diverse homes  
By Midwest Book Review  
Artists' Interiors: Creative Space, Inspired Living by professional photographer Laurie E. Dickson is an amazing showcase of diverse homes created by living artists worldwide. Ranging from Parisian painter Françoise Biver, to New Jersey multimedia artist Ricky Boscarino, Artists' Interiors is give full justice through full color photography embellished with a descriptive text will leave the reader breathless with admiration for the daring, varied, bold, inspiring, and unforgettable living spaces. Artists' Interiors is a quality addition for any personal, professional, or community library Interior Decoration reference collection.

Artists' Interiors offers a rare and unique glimpse into the wonderful homes created by living artists from around the globe. From the stylish flat of jazzy Parisian painter Françoise Biver to the fabulous, fanciful, phantasmagoric Luna Parc home of the New Jersey multimedia artist Ricky Boscarino, this book is filled with inspiring interiors that truly celebrate the creative spirit. Featuring intimate photos and profiles, Artists' Interiors reveals how the artists' living and working spaces help them create the art that is integral to their lives. For these artists, art, home, work, and beauty are inseparable. And self-expression is the guiding principle for truly authentic interior design.
