Johnny Autonomy : Autonomy's Vermicompost Like A Pro (Autonomy Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Autonomy's Vermicompost Like A Pro (Autonomy Series):

2 of 2 people found the following review helpful. Easy, clear, conciseBy Virginia NelsonThis was the first book I purchased from the Autonomys series. I wanted a straightforward how-to on worm composting. Autonomys Vermicompost Like A Pro led me through each step of way, from bin preparation and acquiring worms, up to harvesting the compost. The author has advice and perspectives not found in other books on the subject.The bottom

line:- straightforward with out the cute anecdotes/side stories.- gets right to the point and stays there. There is no vague patch in the methods.- the approach is something doable at home. I think anyone can follow these directions and be successful2 of 2 people found the following review helpful. Nice Wiggling InfoBy Lawrence WintersShort to the point. Enough science to satisfy my curiosity. Knowledge clearly from experience. My opinion is that combine this with square foot gardening and anyone can produce the best organic, probiotic, microbic food on the planet while recycling the waste!Go wellLarry WintersAuthor of new novel titled Brotherkeeper lawrencewinters.com2 of 2 people found the following review helpful. great composting step by step tutorialBy ellenVermicomposting Made Easy with this step-by-step easy to follow manual.
