4 of 5 people found the following review helpful. Not what I expected By BookwormGood for the price, but I was expecting more variety. I flipped through this book in about 10 minutes and that was that. Nothing too exciting, and it seemed like I was looking at the same things from different angles. I was expecting something I'd want to look at again and again, but no such luck. 1 of 2 people found the following review helpful. beautiful By JeannieSmallish book (icons) but gorgeous full spread photos. Beautiful scenery and interesting rooms. Very unlike my home area, but adaptable in many ways and a pleasant relaxing read. 0 of 1 people found the following review helpful. Its so so. By bootsyIts OK, but not the inspiration I had hoped for.

Brazil's heart beats in BahiaThe history of Brazil began in Bahia in 1500and even today this vibrant state, still the heart of the country, combines the cultures of the Indios, Portugal and Africa. This book takes you to the breathtaking beauty of the Atlantic coast and inside houses designed with a love of detailnestling in this landscape as if they always belonged there. From a simple beach bungalow or a typical fazenda to a sophisticated residence: tudo bem in Bahia everything is good in Bahia.
