Couldn't put it down until I read the entire book. Great photography! 0 of 0 people found the following review helpful. Five Stars By Triathlon King of Pain Great book! 0 of 2 people found the following review helpful. Five Stars By Dane M new book what else can I say

A beautiful photographic tribute to historic barns of the West, the icons of rural American history.

"...a wonderfully picturesque collection of barns in the West." -- Inside Bay Area, November 21, 2006 "...a worthy tribute to the rural history of America." -- Dennis Lythgoe, Deseret Morning News, August 13, 2006 "...wonderfully picturesque collection of barns in the West...a welcome dose of nostalgia to lighten everyone's mood." -- The Oakland Tribune, 11/21/2006 "Barn lovers and any interested in barns old and new will find this a lovely survey of historic barns of the West." -- The Midwest Book, September 1, 2006 "Barn lovers, nostalgia buffs and environmentalists will delight in the images that "Barn in the U.S.A." brings to life." -- Great Falls Tribune, August 20, 2006 From the Author I recall as a boy five years of age first setting foot in my grandfather's barn in Martin, Tennessee. As it turned out, that was the only time I ever visited the family farm, but my mental picture of that old barn is as crisp and clear today as if it were only yesterday ... so clear, in fact, that it stands out as one of the few indelible images of my boisterous boyhood. I've often mused over that memory and why an initial encounter with a piece of rural architecture

should leave such a deep and long-lasting impression. Perhaps you've felt some of the same feelings and harbored some of the same curiosity. About the Author Bob Crittendon is a retired corporate executive. He has had a longtime interest in historic old barns that took him on a journey through the backroads of several western states and four years of research, writing, and photography. Crittendon is a member of the Western History Association and the National Trust for Historic Preservation. He lives in San Clemente, California.
