**Sammy Sevens : Basement Waterproofing Techniques: Waterproofing Problems and Solutions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Basement Waterproofing Techniques: Waterproofing Problems and Solutions:

0 of 0 people found the following review helpful. limited; gives some new info but quite a bit ...By Rich

K.limited;gives some new info but quite a bit obvious;written in large print to fill up more pages; not good

Homeowners hoping to reduce or eliminate dampness and moisture from their basements will benefit from these tips, tricks, and strategies. This book covers every aspect of basement moisture and dampness,from sources to solutions, including sump pumps, dehumidifiers, etc...

About the AuthorSammy Sevens was a concrete mason for nearly 15 years. During that time he has done extensive research into areas of concrete and soil failures. This research has prompted Mr. Sevens to write his first book titled Basement Waterproofing Techniques Waterproofing Problems and Solutions.
