Enjoyed the 11x17 pages and the crisp, clean printing.Absolutely essential if you want to reproduce period garden woodwork for your early 20th century home.

Note! This item is NOT a bench, trellis, or the like. It is a book showing before and after diagrams and photos devoted to constructing these items. 2000, Algrove Publishing/Southern Pine Association (1926), 9 x 12-in softcover, folds out

into about 22 (unnumbered) 9 x 24-in pages, plus 2 pages of information printed on inside covers.
