William Aldrich, Don Williamson : Best Garden Plants for Illinois before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Garden Plants for Illinois:

0 of 0 people found the following review helpful. Highly recommend this authorBy Julie G.Highly recommend this author. My favorite. His books are easy to follow, full of precise information for planting, have a great layout to follow in the book and simple reference to find what you are looking for. LOVE this author. My go to author, for sure, and I have the gardens to prove it. Thanks!0 of 0 people found the following review helpful. An essential guide for

IllinoisansBy BerdleyVery specific to Illinois but also applies to neighboring states, this guide has very useful ideas for plant selection. I live in an area where there are too many deer and knowing what to plant that might be around in spring is helpful (hint: stick with bulbs, skip the hosta). I also learned what not to plant and that was very useful. Written very clearly for any gardener.0 of 0 people found the following review helpful. I love this bookBy I love web shoppingI love this book. I refer to it frequently when making changes in my yard. It helps to know that the plant will work in my area.

This handy guide features the best varieties of plants for Illinois growing conditions. Includes perennials, annuals, trees, shrubs, vines, climbers, roses, bulbs and herbs. Each account features color photographs and useful information.

About the AuthorWILLIAM (BILL) ALDRICH is publisher of Chicagoland Gardening, a magazine he founded in 1995. He is a certified Master Gardener and has been a garden writer for more than 20 years, mostly with the Chicago Tribune. Bill is a past-president of the Garden Writers Association and has been on the national executive board of the GWA since 1986. DON WILLIAMSON turned a passion for gardening into his lifes work, with a varied background in landscaping, golf course construction and management, and now garden writing. He is the co-author of over a dozen books on gardening. Don has extensive experience in the design and construction of garden beds in formal landscape settings. He has a degree in Applied Horticultural Technology and professional certificates in turf management.
