Used it so often over the years that all of the pages were falling out. I don't cook as much as I used to but was searching for this book because I wanted to make chicken spaghetti (have never found a better chicken spaghetti recipe than the one found in this book). Somehow, my book had been misplaced. Searched on the Internet and found it on . I figured it was way past no longer available. I am so happy I found it!0 of 0 people found the following review helpful. This is a good book lots of recipes in itBy susan clarkThis is a good book lots of recipes in it,lots of good recopes.
