Good book but no discussion of using green metal T postsBy TexasgirlI am giving this five stars because it is quite decent in terms of explanatory text and photos; however, there is no information about building a garden fence using the green metal T posts. I was hoping to see something about making a wood gate and then attaching it to green metal T posts. There was an interesting discussion about a bamboo fence. I will have to extrapolate from the book and internet.0 of 0 people found the following review helpful.
