**Carol Graham Chudley, Dorothy Field : Between Gardens** before purchasing it in order to gage whether or not it would be worth my time, and all praised Between Gardens:

8 of 9 people found the following review helpful. Slowing down and taking a lookBy A CustomerThis exchange of letters between two friends is a real encouragemnt to slow down and look at what happens in our gardens, yards and all of nature, during the course of a year. The fact that one writer is disabled is a plus for this book. Her viewpoint is vital to the slowing down process. The memories these two women share about gardens are inspiring, expecially to those who are keeping garden journals or should be! It will help the reader to be more observant.
