This is an outdated version of "HomeSkills: Ceramic Tile"By TiamoI purchased this book and "HomeSkills: Ceramic Tile" at the same time and was surprised to discover they are practically the same book. The HomeSkills version appears to be a newer updated version with a few more pages. They both include many of the same photos and descriptions. Buy one or the other, but don't buy both.0 of 0 people found the following review helpful. This book told us all we needed to know to ...By Jen GThis book told us all we needed to know to successfully install tile floor in bathroom/laundry room (plus lots of pictures). Have not used the non-flooring parts of the book though0 of 0 people found the following review helpful. Five StarsBy Am SchneiderGreat book. Lots of ideas and easy instructions.

Heres HowCeramic Tile offers the 21 ceramic tile projects that offer homeowners the most bang for their home improvement buck. Beginning with the basics of handling tile, adhesives and grout, the book then presents complete, foolproof instructions for a wide variety of versatile tile projects, from basic floor installations, to decorative backsplash and concrete step veneers. Featuring the same top-notch information and world-class photography as The Complete Guide to Decorating with Ceramic Tile, this book offers a streamlined presentation of all the ceramic tile basics, at a price that is unsurpassed. Value-conscious homeowners rarely enjoy this kind of bargain.
