From Brand: Creative Publishing international : Black Decker Outdoor Wood Furnishings: Step-by-Step Instructions for Over 30 Projects before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Decker Outdoor Wood Furnishings: Step-by-Step Instructions for Over 30 Projects:

0 of 0 people found the following review helpful. Need background skillsBy Robert M ThompsonI like the book very much but you need to have some background skills in order to use it.0 of 0 people found the following review helpful. I love these Black and Decker books.By CustomerI love these Black and Decker Books. They are very well written and the projects and plans make sense to me (a non woodworker). Simple yet creative ideas that are functional and adaptable (like they use Cedar a lot thru the book, but it is a little hard to come by in my area so I substitute PT Pine)0 of 0 people found the following review helpful. Good BookBy AnnieI really like the book, good information.

-No fancy workshop or expensive tools needed.
