**Rich Binsacca : Black Decker The Complete Guide: Maintain Your Pool Spa: Repair Upkeep Made Easy (Black Decker Complete Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Decker The Complete Guide: Maintain Your Pool Spa: Repair Upkeep Made Easy (Black Decker Complete Guide):

8 of 8 people found the following review helpful. Very helpfulBy S. AlvaradoWe purchased a house with a pool and my husband and I were spending a lot of money hiring professional help to maintain nice and clean. Some people would tell us how easy it is to take care of it yourself while others said it was very time consuming and expensive. I decided to buy a book that would explain the basics and this book is it.This book along with 'I Love My Pool: The

Perfect Pool in Five Easy Steps' has helped my husband and I understand how pools work, what kind of chemicals we need, how the filtering system works, etc., and now we are saving a lot of money taking care of the pool ourselves.4 of 4 people found the following review helpful. how to maintain good water and what to do seasonallyBy Allan D. ColeExplains the different types of filtering systems, how to maintain good water and what to do seasonally2 of 2 people found the following review helpful. Great Book for the novice pool and/or Spa maintainerBy T J MoffettGreat Book for the novice pool and/or Spa maintainer. It gave me the chemistry basics and what to expect.

Better maintenance means more enjoyment of your pool or spa.Black Decker The Complete Guide Maintain Your Pool Spa will both inspire and educate readers on the practical points of owning and maintaining a home swimming pool, hot tub, or recreational whirlpool.For those considering a recreational water feature, an exciting gallery chapter and a planning/design chapter will show the latest trends and products, and unique new ways to integrate a pool or spa into the landscape. The book also includes an overview of each type of structure, including above-ground and in-ground swimming pools, stand-alone whirlpools, integrated pool/spa installations, and pool houses and accessories. For readers who already own a pool or spa, lengthy, detailed chapters on basic maintenance, water quality, seasonal upkeep, and routine repairs provide everything needed to keep water features in good operating condition. Even the mechanical systems - pumps, heaters, drains and skimmers - are covered in depth. With this book, no pool or spa owner will need to spend money on a professional pool-care service, and may never need to call a repairman.

About the AuthorRich Binsacca is an award-winning housing industry journalist and author. He has written more than a dozen books on a variety of home-related subjects.
