Matthew Paymar, Phil Schmidt : Black Decker The Complete Guide to Attics Basements (Black Decker Complete Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Decker The Complete Guide to Attics Basements (Black Decker Complete Guide):

Complete planning remodeling information for both attics and basements Black Decker The Complete Guide to Attics Basements is the perfect book for homeowners who need more living space but aren't able or willing to move to a larger home or build an expensive room addition. More than 75% of homes have unfinished space in an attic or basement, just waiting for a creative touch, and this book will show readers how to convert that territory into practical

living space. Armed with this book, homeowners will be able to add a bedroom, bathroom, recreation room, or home office without changing the basic blueprint of the home.
