alone and put in a bathroom whenever i am done. I especially appreciate the section that focuses on the custom showers which is what i aspire to put in my master bedroom downstairs some day. Thank you black and decker, i will be checking into your other books.3 of 3 people found the following review helpful. Weak on renovations.By Botany BillIf you're doing new construction where everything is perfect, this is a decent guide. Some steps should be shown in pictures that are just described minimally. If you're doing any renovation, this book is not that helpful.5 of 5 people found the following review helpful. Excellent reference materialBy David VanBendegomThis is a good book not to build things from scratch but to get good points to reference along the way during the process. When I owned my house I would use this occasionally for reference and it is worth the price.

From inspiration to design advice with crystal-clear how-to instructions, **BLACK + DECKER Complete Guide to Bathrooms** is the only book you need to achieve the bathroom of your dreams. This brand-new edition of a perennial bestseller from the **BLACK + DECKER Complete Guide** series is just the book you need if you want to improve, update, or remodel your bathroom. From a simple freshening of the decor to a down-to-the-studs remodel, all of the information you need to design the job and do the work yourself is right here. Through step-by-step photography and instructions, you'll see how to update lighting, ventilation, flooring, surfaces, cabinetry, toilets, bathtubs, and accessories. The comprehensive buyer's guide takes you through one of the most important steps in any remodeling project, and a complete section on bathroom design provides education and inspiration. As a bonus, this new edition of **Black + Decker The Complete Guide to Bathrooms** includes a chapter explaining how to remodel or reimagine your bathroom to better meet the needs of aging in place, with projects that conform to Universal Design Standards. You'll see a start-to-finish demonstration on how to replace a shower or tub with a curbless shower stall. To maximize access, a wall-mounted sink is hung and hooked up - and you see every step. Replace a traditional bathroom sink faucet with a hands-free model so you can turn on the water even if you can't reach all the way to the faucet handle.
