Great project book. By JanGreat project book. Looks like great patterns.

Outdoor carpentry projects using cedar, redwood, and pressure-treated pine are perfect for DIYers of all skill levels, since the materials are easy to work with, and the results are rewarding. This book features more than 50 projects that easily can be built in a weekend with ordinary power hand tools and materials available at any local home center or hardware store. Each project has complete construction plans and directions for foolproof results.

Black Decker the Complete Guide to Outdoor Carpentry. Creative Pub: Quayside. 2009. c.240p. illus. index. ISBN 978-1-58923-458-1. pap. \$24.99. DIYThis is a mixed bag of a wide selection of outdoor projects, most with sufficient instructions. Some of the more polished projects include stylish benches and some seating. Although not all projects are thoroughly described, more skilled handypeople will not be stymied by the less-than-exact instructions. For larger collections only. -- Library Journal, September 2009
