Editors of Cool Springs Press : Black Decker The Complete Guide to Plumbing, 6th edition (Black Decker Complete Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Decker The Complete Guide to Plumbing, 6th edition (Black Decker Complete Guide):

3 of 3 people found the following review helpful. I was honestly expecting to be disappointed due to the tools of theirs that I have ...By Ricky SpanishI was pleasantly surprised by this whole line of books. I have bought quite a few because of this. I have done quite a bit of general carpentry but haven't worked in the field for quite a few years because of a career change. Looking to get back into it, I decided to try some books to sharpen back up before getting back to it. I was honestly expecting to be disappointed due to the tools of theirs that I have used, but was very happy with the strait forward and knowledgeable nature of these books. Well done.4 of 4 people found the following review

helpful. Five StarsBy LaHoma K. Very easy to understand for someone that doesn't know much about plumbing. 2 of 2 people found the following review helpful. ExcellentBy Perennial EssentialsI have been plumbing for years as a hobby but still learned a lot, love the pictures.

You might not have to call a plumber; get the most comprehensive, up-to-date book on home plumbing for DIYers of all skill levels instead! From fixing a faucet to installing a drain line in a basement floor, *The Black Decker Complete Guide to Plumbing* 6th edition has the answer to any home plumbing problem you're likely to have. Packed with clear color photos and easy-to-understand descriptions, the basics of home plumbing systems are clearly explained, and all of the most popular plumbing projects are shown with beautiful step-by-step photos. This new edition has been thoroughly updated to ensure that all information conforms to the most recent codes, including the 2015 Uniform Plumbing Code and the 2014 International Residential Code. New projects include plumbing and tiling a curbless shower. Other features include projects to promote accessibility in the bathroom; updated bathroom ventilation featuring new products; and an expanded section on exterior plumbing, including pools, pumps, and sprinkler systems.

About the Author The editors of Cool Springs Press have produced the highest quality DIY home improvement books for more than 30 years. In conjunction with the experts at BLACK+DECKER they have combined resources to create more than 200 home improvement titles that provide consumers and weekend DIYers with the information they need to get the job done right. Their books have set the standard for do-it-yourself publishing, featuring clear, professional photography and concise step-by-step instructions that get straight to the point.
