Phil Schmidt : Black Decker The Complete Guide to Porches Patio Rooms: Sunrooms, Patio Enclosures, Breezeways Screened Porches (Black Decker Complete Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Decker The Complete Guide to Porches Patio Rooms: Sunrooms, Patio Enclosures, Breezeways Screened Porches (Black Decker Complete Guide):

0 of 0 people found the following review helpful. Porch, patio, sunroom screened porches, or others ideasBy addictI received many great ideas for my backyard. Now I just have to bite the bullet and decide what I want and obtain bids.

Thank you for this book.0 of 0 people found the following review helpful. Don't Expect Any Thorough Installation GuidesBy JohnJust basic overviews, lacked any more than basic roof installation procedures.0 of 0 people found the following review helpful. Four StarsBy Lynn ScovilleGave us ideas and photos to show our builder, so we were all on the same track.

A modern twist on a nostalgic favorite Nothing says elegant, genteel living like a well built, well appointed porch or sunroom. The Complete Guide to Porches Patio Rooms offers design advice and easy-to-follow, concise instructions for adding living spaces that bring the indoors and outdoors together in delightful ways. In addition to offering hundreds of inspirational ideas, the book provides thorough plans and photo directions for six versatile, flexible architectural projects. For the 500,000 homeowners now building sunrooms each year, this book explores the most popular functions and then offers step-by-step instructions to design and build those specific spaces. For example, an open porch can be used for social gatherings, as a sheltered outdoor cooking space, or simply be added simply to improve a homes curb appeal. A sunroom can serve as a full room addition to a home, complete with protective walls, ceilings, and electrical service; can serve as an indoor garden space for green living plants; or could be put into service as a music conservatory for an elegant grand piano.This book is an indispensable source of information on planning, designing, and building the addition of your dreams, from digging foundations to final decorating.

Library Journal, March 2009"With a lovely gallery of examples, this book provides great coverage of how to extend your home with a porch, an enclosed patio, or a sunroom...a unique addition to library collections."
