**From Brand: Creative Publishing international : Black Decker The Complete Guide to Yard Garden Features: More Than 60 Practical Ornamental Projects for the Landscape (Black Decker Complete Guide)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Black Decker The Complete Guide to Yard Garden Features: More Than 60 Practical Ornamental Projects for the Landscape (Black Decker Complete Guide):

1 of 1 people found the following review helpful. and recommend them to others By KOLEEN product was shipped on

time, was well packaged and was of the quality I as expecting. I will definitely do more business with these people in the future! and recommend them to others.

After major construction is completed on a landscape, adding personal finishing touches is what turns the yard into a genuine extension of the home, allowing it to reflect the personality and tastes of the owner. In established landscapes, adding finishing touches is an easy way to 'remodel' the outdoor home and make it new again. *The Complete Guide to Yards Garden Features* presents more than 60 complete projects to create practical and decorative finishing features for the outdoor home. It features a wide assortment of building materials, including wood, masonry, and metals, with complete directions for working with these materials. The book includes projects for the living garden, such as installing decorative edging, constructing a rock garden, and building planters and window boxes. It also includes projects for the general landscape, such as building decorative gates, ornamental fountains, and benches. Each project includes detailed plans and comprehensive how-to directions accompanied by color photos and illustrations.

**About the Author** The editors of Creative Publishing international have created more than 25 of the best-selling books on home repair, home improvement, and landscaping. All books are exhaustively researched, written, photographed, and edited by veteran staff members with years of experience in their areas of expertise.
