Frank Sciacca Jr. : Bodyguard Principles before purchasing it in order to gage whether or not it would be worth my time, and all praised Bodyguard Principles:

0 of 0 people found the following review helpful. Written in plain, no-nonsense terms, Bodyguard Principles is a "must-have"By Midwest Book ReviewWritten by professional security operations expert Frank Sciacca Jr., Bodyguard Principles is a straightforward, methodical manual on what it takes to be a bodyguard. Filled cover to cover with information on methods, concepts, and theories directly applicable to a profession with no room for error, Bodyguard Principles covers expectations for standard conduct, what skills are needed and expected (including investigative as well as protective skills), how to conduct a proper vehicle inspection, internet and online concerns, dealing with suspicious packages, and much more. Bodyguard Principles presupposes the reader has training in physical self-defense with or without weapons, and focuses upon the broader principles and methodologies of providing security rather than in-depth coverage of any martial arts. Written in plain, no-nonsense terms, Bodyguard

Principles is a "must-have" for anyone seriously considering a career as a professional bodyguard or security provider. 5 of 6 people found the following review helpful. **DO NOT WASTE YOUR MONEY OR TIME** By G. Chad Curtis I can only assume that the 5 star review was written by someone that never actually read this atrocious tome before endorsing it in such glowing terms. The book is so poorly written it actually made me wonder if the author wasn't in fact mentally obtunded in some fashion. Out of the HUNDREDS of books I've purchased from , this is my first online review. This book is so bad, I felt the need to warn other shoppers. 0 of 0 people found the following review helpful. good information on letter threat detection By J. Smalley The best part of the book is the section on detection of threats transmitted via mail, the author goes into great detail on the weak parts of envelopes and techniques used to turn those into advantages for the security professional. If that is your interest a definite buy

Bodyguard Principles offers valuable information outlining every aspect of, assignments, responsibilities, skills, equipment, sociology basics, terrorism, intelligence gathering, safe houses, vehicle inspections, third parties, suspicious packages and more.

About the Author For over a decade, Frank Sciacca Jr., has provided services in personal protection, high-risk security and specialty item transportations. Mr. Sciacca is a licensed private investigator and instructs courses in Close Quarter Combat, Side Arm Weapons Deterrent and Defense, Non-Lethal Weapons and theory, Auto Prevention Defense Tactics, Principle Protection Planning and Operations, Investigations, Information and Intelligence Gathering, Interviewing and Interrogations, Gesture Signs, Suspicious Packages, Vehicle Searching and Rape Prevention Defense. From the vast knowledge, experience and skills, Bodyguard Principles was written to educate the reader on providing services including methods and mental conditioning preparations.
