Colin Lewis : Bonsai (A Care Manual) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bonsai (A Care Manual):

2 of 2 people found the following review helpful. Helped my bonsai live!By Pup60Anyone just starting out with their first bonsai will benefit from this book. It helped me to learn not only about not only the history of the bonsai but how to really care for my little tree. My bonsai seems to be better looking and healthier than before I had this book. I would recommend this book to anyone considering buying a bonsai, this book helps you to know how and what type of bonsai to buy too.0 of 0 people found the following review helpful. My ficus looks a lot better since I bought this book.By Geraldine D DesmondGreat introductory work for the beginning enthusiast. The information is laid out in a simple and straightforward way with beautiful photography. Many bonsai books seem to focus more on the history and read like a wikipedia page, this isn't one of them. This book is a lot more hands on and give you real techniques and

considerations for raising your happy little trees.0 of 0 people found the following review helpful. Helpful, standard infoBy LibraryRoseGot for my spouse, who is getting into bonsai. He found it helpful.

Whether you are an experienced collector or a nervous newcomer, you will profit from the tutelage of Colin Lewis. He has studied the art of bonsai in Japan, and is a member of the Bonsai Kai of the Japan Society of London. Clear, authoritative text and superb step-by-step illustrations and photographs guide you through all aspects of bonsai care. Also in the Care Manual series: Roses, Cactus and Succulents, Clematis, Fuchsia, Magnolias, and Rhododendrons.

About the AuthorColin Lewis is a respected bonsai expert who has studied bonsai in Japan, has written a number of books including Bonsai Survival Manual and Practical Bonsai and regularly demonstrates bonsai techniques.
