Susumu Nakamura, Ivan Watters, Terry Ann R. Neff : Bonsai: A Patient Art before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bonsai: A Patient Art:

9 of 9 people found the following review helpful. A very inspirational picture book for bonsai hobbyists. By Billy Rhodes This is a very inspirational book of pictures taken of bonsai trees in the collection of the Chicago, Illinois, USA Botanical Gardens. For the bonsai hobbyist this book can inspire and encourage in how to use different species in the creation of bonsai. This is not a how to or beginners book. IF you know someone who has been doing bonsai for a long time and want to inspire them this book would make a great gift. This book should not be given to a bonsai beginner. 1 of 1 people found the following review helpful. Lovely book. By Local Man Really lovely book. Beautiful photographs. I don't know much about bonsai so the text was quite informative if only giving the basic information. 1 of 1 people found the following review helpful. Bonsai Book By M Best book, terrific photos throughout.

With fresh, elegant photography, this stunning volume presents more than sixty living bonsai masterpieces from the renowned collection of the Chicago Botanic Garden. Each patiently nurtured tree is presented at the peak of its seasonal beauty; each embodies the quiet energy and beauty of the art of bonsai.

[In]formation is presented in an appropriate, authentic curated way, fulfilling the promise of bonsai as an art [the book] will be unique among bonsai publications. Paul B. Redman, Director, Longwood Gardens
