Explains the different shapes and what to cut and pinch.0 of 0 people found the following review helpful. A must have!By interstellar audio networkI found quite a bit of Bonsai books at the library and this was one of them. Great book. Had to buy my own copy and at the price, it's a steal. There are clear illustrations and pictures about techniques. There are sections on grafting and starting trees from cuttings. A must have for the bonsai beginner.0 of 0 people found the following review helpful. Five StarsBy Frank O.Good book for anyone beginning bonsai as a hobby.

The simple guide for first-time bonsai growers, with easy instructions and more than 200 full-color photos and drawings, covers selecting a hardy specimen, and the essentials of pruning, wiring, aging, and keeping your bonsai

healthy. Learn the many styles of bonsai shaping, important tree forms, forest groupings, and more.
