Crespi : Bonsai Complete Illustrated Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bonsai Complete Illustrated Guide:

1 of 1 people found the following review helpful. Bonsai Illustrated Guide By JER NORI was very glad to get this book and add it to my library. Though it did take a while to get it thru the postal service I think it will be worth the wait. (Post Office lost the first copy sent and seller was gracious enough to send me another). Book has lots of pictures that can be referenced as examples. Learning by example is another good way of learning. 0 of 0 people found the following review helpful. Great book By Trang Nguyen This book arrived on time, used but in pretty decent shape, except for a coffee stain that soaked a dozen pages. Other than that, the content is wonderful.
