2 of 2 people found the following review helpful. excellentBy Jasper W.Excellent! It covers complete basic guideline

and tips for specific condition that required to take care the bonsai. Best to read it twice for someone new to the whole bonsai concept so that every detail covered are followed well. Really worth recommending!3 of 3 people found the following review helpful. A complete guide!By Malia RuizMy husband presented me this book for my birthday. The last summer I was in Japan and visited an exhibition of beautiful bonsai trees.Now, bonsai is my passion. Hitomi Nakamura managed to explain all nuances, that are very important for the beginners.Excellent guide! Do not hesitate, get it.1 of 1 people found the following review helpful. Short and not sweet.By CustomerArticle starts out on a high note but it appears the author gets tired of writing toward the end as much of the information seems glossed over or impatient. I would look online or in a different "book" entirely for information when considering starting a Bonsai journey. Good luck.
