**Alan Roger : Bonsai (Wisley Garden Handbook)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bonsai (Wisley Garden Handbook):

0 of 0 people found the following review helpful. Good bonsai bookBy Trang NguyenEven though this book is one of the first about bonsai, it's very thorough and informative. It covered a lot of styles and tips for success.

Simple but comprehensive guide to the apparently mysterious but infinitely satisfying delights of the miniature world of Bonsai.
